Hi Kristen,

Noel clarified that Lots 9 and 10 are first to be constructed...See you tomorrow!

Hi Kristen,

Here's the latest civil plans for Lot 10... Still working on finding Lot 9.... Will send later today

Thanks

Hi Camille,

The most current civil plans I have are dated 10/8/2019 and I believe there have been some minor modifications/design changes since then. If you have more current civil plans/erosion control plans/tree protection plans, can you please send them my way before Friday's meeting?

Also, I'm going to see if I can bring one of our biologists/Els Jessie Henderson-McBean with me on Friday. I'm going to assign her to the weekly inspections so I'd like to show her the site and have her meet the team. Please let me know if you have any questions/concerns with this.

Thanks,
Kristen

Hi Noel and Kristen,

Lets plan to meet right at 11am this Friday at the end of Cobblehill Place. I can stay until 11:50am.

Noel, please confirm that Tay can join us.

Also, I just wanted to let you know that I requested that site signs to be changed to remove my information and include SWCA's contact information. I attached an email I sent to Ralph Osterling with this request.

Thanks!

Can we do 11:00am on Friday?

Thanks,
Kristen

Hi Kristen,

We are now planning for a site visit on Friday Morning. I am free anytime from 9-11:30am. What time works for you?

Thanks!

Hi Noel,

I am free tomorrow between 10:30-5pm, except between 1-2:30pm. I just wanted to confirm that for tomorrow's inspection, in addition to MIG's follow up tasks, all erosion control and tree protection have been installed as well. Please confirm.

I'm copying Kristen to see her availability for tomorrow.

Thanks!

Hi Camille,

Wanted to give you update on lots 9-11. We have found all of the corner stakes and have started installing wood rat fence and wattles. We will be ready for county inspection on Tuesday for 10 & 11. Please let me know if we can get someone out from the county to inspect.

I also have a tree cutter coming to look at the fallen tree. There are only a few branches that are encroaching on his property, but we will break down and cut up the entire tree and leave the wood on the conservation property.

Have a great 4th,
Noel
