**Re: Application for the Proposed Reorganization of the Granada Sanitary District
into a Community Services District**

Dear Martha,

The Granada Sanitary District Board of Directors would like to withdraw our existing application for reorganization into a Community Services District. Based on the comments we have received from LAFCo and the City of Half Moon Bay, we do not feel we will be able to fully address and resolve the issues which have been raised within the timeline contained in Cortese-Knox-Hertzberg. I would like to thank you for your help in preparing this application, and I look forward to working with LAFCo and the city in the coming months to prepare a new application which addresses the concerns of all involved.

Sincerely,

Chuck Duffy, General Manager
Granada Sanitary District
