Hi Danee,

Christen here. I spoke with Noel yesterday. Regarding items 1-4, Noel was going to reach out to Jessie with SWCA to schedule the final inspection.

- 5.) Camille will go out to the property to sign off on colors and material.
- 6.) If the WELO is done, the county needs proof. The landscape architect should complete the required cert and forms previously attached and we need to submit to the county.
- 8.) Camille, will you be inspecting/signing off on number 8 or who should we contact?

Danee, Public works still needs to be signed off. Please have Noel reach out to Richard Lee. I sent an email last week but haven't heard back. I just left a voice message this morning. I'll let you know if I hear back. I know Jack and Noel have a relationship with him so I think he will respond better to them. :)

Thanks everyone!!

Christen
