## GENERAL CONDITIONS

### 1 THE CONTRACT

#### 1.1 CONTRACT DESCRIPTION

The Contract Documents form the entire Contract between the Contractor and the Owner. The Contract supersedes prior negotiation and representations, either written or oral.

#### 1.2 CONTRACT DOCUMENTS

- A The Contract Documents consist of the Notice to Contractors, Instructions to Bidders, Agreement, General Conditions, Special Provisions, Supplementary Conditions, Specifications, Drawings, Addenda, Revision Orders, Change Orders, Field Orders, other documents listed in the Agreement or included in the Project Manual, and written interpretations and instruction when issued in accordance with the provisions herein.
- B The Contract Documents are complementary and what is required by any one shall be as binding as if required by all. The Contract Documents are not necessarily complete in every detail. The Contract is to include all labor, materials, equipment and other items as necessary for the proper execution and completion of the work as specified or reasonably inferable as being necessary to produce the intended results in accordance with high quality industry standards.
- C An item designated by reference to the number, symbol, or title of a specific standard such as a commercial standard, a Federal Specification, a Trade Association Standard or other similar standard, shall comply with the requirements in the latest revision thereof and any amendments or supplement thereto in effect on the date of the bid. The standards referred to shall have full force and effect as though printed in the Specifications.
- D The County will arrange for the Contractor to have access to one set of reproducible Drawings. The Contractor may at his expense, reproduce the Drawings and Specifications as needed. All Drawings and Specifications and copies thereof are the property of the Owner. They are not to be used on other projects.
- E For convenience, the Specifications may be arranged in sections and the Drawings may be arranged by system or otherwise. Such separation shall not be considered as the limit of Work required of any separate trade. The terms and conditions of such limitations are wholly between the Contractor and his Subcontractors.
- F In general, the Drawings will indicate dimensions, position, quantity and kind of construction; and the Specifications will indicate quality and method. Work

indicated in one but not the other shall be furnished as though fully set forth in both. Work not specifically detailed, marked or specified, shall be the same as similar work that is marked, specified or detailed.

- G The Project Manual is a collection of documents assembled for the convenience of the parties and usually includes, but is not limited to, the Notice to Contractors, Instructions to Bidders, General Conditions, Supplementary General Conditions, Special Provisions, Bid Documents, Agreement, and Specifications.

### 1.3 ERROR IN THE DOCUMENTS

- A Should an error or conflict appear in the Contract Documents, or a conflict with the documents and actual conditions, the Contractor shall notify the Architect at once, and the Architect will issue instructions. If the Contractor proceeds with the work without such instructions, he shall make good any resulting unacceptable work or consequences.
- B Whenever the documents could be construed to be ambiguous or conflicting, the Contractor is deemed to have included the cost of the more expensive material, method, or requirement in the Contract Amount.
- C Figured dimensions shall govern over scaling and large scale details shall govern over smaller scale details.

### 1.4 SEPARATE CONTRACTS

- A The Owner reserves the right to let other contracts in connection with this Project. Contractor shall afford other contractors reasonable opportunity for the introduction and storage of their materials and the execution of their work, and shall properly connect and coordinate his work with theirs.
- B If any part of Contractor's Work depends for proper execution or results upon the work of another contractor, the Contractor shall inspect and measure the work of other contractor and promptly report to the Owner all defects or discrepancies that render it unsuitable for such proper execution or results. Contractor's action of proceeding with his work shall constitute his acceptance of the prior work as fit and proper for the reception of his work.
- C The Contractor shall make good any damage he may do to another contractor's work to the Owner's satisfaction.

### 1.5 CONTRACT TERMINATIONS

- A Owner's Right to Terminate Contract for Cause

If Contractor should be adjudged a bankrupt, or if he should make a general assignment for the benefit of his creditors, or if a receiver should be appointed on

account of his insolvency, or if he should fail to supply enough properly skilled workmen or materials to maintain the schedule, or if he should fail to diligently and expeditiously prosecute the Work, or if he should fail to commence the Work on the Project site within ten calendar days of the date of the Notice to Proceed, or if he should fail to make prompt payments to Subcontractors or for materials or labor, or persistently disregard laws, ordinances or the instructions of the Owner or Architect, or otherwise breach any provision of the Contract between the Contractor and Owner, the Owner may without prejudice to any right or remedy the Owner may have and after giving the Contractor seven days' written notice, terminate the Contract or terminate the Contractor's right to proceed with the Work and take possession of the premises and of all materials, tools and appliances thereon and finish the Work by whatever method the Owner may deem expedient. In such case, Contractor shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the Contract Amount shall exceed the expense of finishing the Work, including compensation for additional managerial and administrative services, such excess shall be paid to the Contractor. If such expense shall exceed such unpaid balance, the Contractor shall pay the difference to the Owner.

**B Owner's Right to Terminate Contract for Convenience**

The Owner reserves the right to terminate this contract at any time. Contractor shall be compensated on the basis of the reasonable value of the portion of Work completed as prorated against the Contract Amount or shown as a separate price and the cost incurred for portions of the Work performed but not completed. The total payments to contractor shall not exceed the Contract Amount.

**C Contractor's Right to Terminate Contract**

Except as provided by paragraph 1.5 D Emergency Termination, if the Work should be stopped by the Owner, or an order of the court, or other public authority for a period of six months, through no act or fault of the Contractor or of anyone employed by him, then the Contractor may, upon twenty-one (21) days written notice to the Owner, terminate this Contract and recover from the Owner the amount owed under the Contract for the portion of Work, if any, which was completed.

**D Emergency Termination**

This Contract is subject to termination as provided by Section 4410 and 4411 of the Public Contracts Code of the State of California, being portions of the Emergency Termination of Public Contracts Act of 1949. Said Sections read as follows:

"Sec. 4410. TERMINATION OF CONTRACT FOR PUBLIC WORK IN EVENT OF NATIONAL EMERGENCY. In the event a national emergency occurs, and public work, being performed by Contract, is stopped, directly

or indirectly, because of the freezing or diversion of materials, equipment, or labor, as the result of an order or of a proclamation of the President of the United States, or of an order of any federal authority, and the circumstances or conditions are such that it is impracticable within a reasonable time to proceed with a substantial portion of the Work, then the public agency and the Contractor may, by written agreement, terminate said Contract."

"Sec. 4411. INCLUSION OF TERMS AND CONDITIONS OF TERMINATION OF CONTRACT IN AGREEMENT: COMPENSATION TO CONTRACTOR. Such an agreement shall include the terms and conditions of the termination of the Contract and provision for the payment of compensation or money, if any, which either party shall pay to the other or any other person, under the facts and circumstances in the case."

"Compensation to the Contractor shall be determined on the basis of the reasonable value of the Work done, including preparatory Work. As an exception to the foregoing, in the case of any fully completed separate item or portion of the work for which there is a separate Contract price, the Contract price shall control. The parties may in any other case adopt the Contract price as the reasonable value of the Work or any portions thereof."

## 1.6 ALLOWANCES

- A The Contractor shall include in the Contract Amount all allowances stated in the Contract Documents. Items or services covered by these allowances shall be supplied as the Owner may direct.
- B Allowances for material and equipment shall cover the cost to the Contractor, less any applicable trade discount, delivered at the site, and all applicable taxes. The Contractor's costs for unloading and handling on the site, labor, installation costs, overhead, profit and other expenses required to complete the Work shall be included in the Contract Amount and not in the allowance.
- C Whenever the cost of the material, equipment or service is more than or less than the allowance, the Contract Amount shall be adjusted by the procedure in Section 2, Contract Modifications.

## 1.7 DISPUTES

Should any dispute including breach, arise out of or relate to this Contract the Contractor shall continue to perform the Work in accordance with the Contract Documents and the Owner and Contractor agree to pursue resolution of the disagreement by whatever means available. Neither the dispute resolution process, the resolution, nor lack of resolution shall delay, hinder, or alter the completion of the Work in accordance with the undisputed portion of the Contract

Documents and in accordance with the Owner's direction to Contractor regarding disputed portions of the Contract.

## 1.8 SEVERABILITY

In the event that any provision or any part of a provision of this Contract shall be finally determined to be superseded, invalid, illegal or otherwise unenforceable pursuant to applicable laws by an authority having jurisdiction, such determination shall not impair or otherwise affect the validity, legality, or enforceability of the remaining provisions or parts of provisions of this Contract, which shall remain in full force and effect as if the unenforceable provision or part were deleted.

## 1.9 HEADINGS

The headings of any section or provision of this Contract are for convenience only and shall not be deemed to limit, restrict or alter the content, meaning or effect thereof.

## 2 CONTRACT MODIFICATIONS

### 2.1 MODIFICATION DOCUMENTS

- A The Owner, without invalidating the Contract and without consent of surety, may accomplish changes in the Work within the general scope of the Contract consisting of additions, deletions or other revisions, the Contract Amount and the Contract Time being equitably adjusted accordingly. All such changes in the Work shall be accomplished by Revision Order, Change Order, Field Order, Owner's Instructions or Architect's Instruction as may be applicable in accordance with the provisions herein. The Contract Amount and the Contract Time may be changed only by a Revision Order. Changes to the Work shall be performed under the applicable provision of the Contract Documents for similar Work. Contractor agrees to promptly proceed with the Work as so changed. All changes to the Work and all Contractor requests for additional compensation shall be resolved in accordance with this Section 2, Contract Modifications.
- B A Change Order is a written order from the Owner or Architect ordering a change in the Work. Upon receipt of a Change Order, the Contractor shall promptly proceed with the Work as changed. Within twenty (20) calendar days after receiving a Change Order and prior to or simultaneously with proceeding with the change in the Work, Contractor shall advise the Architect of Contractor's disagreement, if any, with the terms of the Change Order, and shall state the nature and extent of the disagreement. Proceeding with the Work as changed without submitting a notice of disagreement indicates Contractor's full acceptance of the Change Order including the proposed adjustment, if any, in Contract Amount and Contract Time. A Revision Order is required to adjust the Contract Amount and Contract Time for changes in the Work ordered by Change Order. The Contractor will not delay the Work for any reason including pending Revision

Orders or unresolved price or time adjustment.

- C A Revision Order is a written document issued after execution of the Contract acknowledging a change in the Work and modifying the Contract Amount and Contract Time in full compensation for the change and its effects on the schedule and all other impacts on the Work and the Project.
- D The signature of the Owner and Contractor on the Revision Order indicates their final and conclusive acceptance of the stated terms and provisions as full compensation for the change to the Work. In the event the Owner and Contractor do not agree upon the adjustment to the Contract Amount and Contract Time the Owner may issue a Revision Order unilaterally. A Revision Order issued unilaterally is signed by the Owner and issued to the Contractor authorizing an adjustment in the Contract Amount and Contract Time as the Owner deems equitable. A Revision Order issued unilaterally may be signed by the Contractor and delivered to the Owner thereby indicating Contractor's acceptance of the Revision Order. The Owner may withdraw a unilaterally issued Revision Order at any time prior to receiving the Contractor's signature on the Revision Order.
- E If Contractor is in disagreement with the terms or provisions of a unilaterally issued Revision Order, the Contractor shall give the Owner and Architect written notice of his disagreement, the basis thereof, and supporting documentation within twenty (20) calendar days of receiving the unilateral Revision Order. Such notice of disagreement does not excuse performance by the Contractor of all obligations under the Contract Documents and the Contractor shall proceed with the Work including the Work involved with the disagreement. Payments shall be made to the Contractor on the basis of the unilateral Revision Order. Failure to present such notice of disagreement constitutes a waiver by the Contractor of any entitlement to additional cost or time.
- F The Owner and Architect have the authority to issue instructions to the Contractor which may require minor changes in the Work not involving an adjustment in the Contract Amount or an extension of Contract Time. If contractor believes an adjustment of Contract Amount or Time is warranted, Contractor shall not incur additional cost or delay and notify the Owner or Architect in writing within 24 hours of receiving the notice.
- G A Field Order is a written document signed by the Owner and issued to the Contractor to perform as so specified. The Contractor shall immediately comply with Field Orders. If the Contractor believes an adjustment of Contract Amount or Time is justified, a request may be submitted in accordance with Section 2.4, Contractor Claims. If the Owner concurs with the Contractor a Revision Order will be issued.

## 2.2 VERBAL INSTRUCTIONS

Contractors shall not act or rely upon verbal instructions. No work will be

accepted by the Owner that differs from the Contract Documents as modified in writing.

## 2.3 METHOD OF DETERMINING ADJUSTMENT

- A An adjustment to the Contract Amount or Contract Time pursuant to a Change Order, Field Order, Claim, or other provision herein shall be determined in one or more of the following ways at the Owners discretion.
- 1 By negotiation based upon Contractor's estimate. The estimate shall include quantities of materials and man hours, and a breakdown of cost showing labor, materials, profit, overhead, and all other items of cost. General requirements, project supervision, project management and facilities are not allowed. Estimated unit prices used to calculate cost shall not exceed published unit prices, such as those published by R. S. Means Company, Inc., unless it can be justified that the published unit prices do not apply. Such estimates shall be provided within 20 (20) calendar days after the Change Order is issued. Overhead and profit shall not exceed the percentages specified in the Contract Documents.
  - 2 By unit prices stated in the Contract or subsequently agreed upon.
  - 3 By acceptance of a lump sum proposal.
  - 4 By determination of the Owner and issued unilaterally by Revision Order.
- B If the adjustment is not determined by the above methods prior to the Contractor starting work involved with a Change Order, Field Order or Claim, Contractor, shall proceed with the Work and keep daily accurate records of the labor hours, materials, and other items of cost used in the performance of the changed Work. Copies of the records shall be given to the Owner or Architect daily. Contractor shall present at such time and in such form as Owner may prescribe, an itemized accounting together with appropriate supporting data as may be required by Owner to fully substantiate the cost of the changed Work. Owner shall consider such accounting in its determination of equitable adjustment. Overhead and profit shall not exceed the percentages specified in the Contract Documents.
- C Extension of Contract Time will be granted only to the extent that the time required to complete the Work as changed or delayed extends the schedule critical path beyond the contract completion date. If changes or delays do not extend the critical path of the schedule beyond the contract completion date, there will be no contractor entitlement to extended or additional home office expenses. Float, as used in this agreement, is the sum of the amount of time available to a task before the task becomes critical and the amount of time between the scheduled completion date and the contract completion date. Float may be used in the order needed by either the Owner or the Contractor.

## 2.4 CONTRACTOR CLAIMS

- A. If the Contractor wishes to request an adjustment in the Contract Amount or Contract Time, other than pursuant to a Change Order or Field Order, Contractor shall give the Owner and Architect a written Notice of Claim within seven calendar days after the occurrence or beginning of the event giving rise to such Claim except that notice shall be given immediately if delays or extra costs occur within such seven-day period. The Notice of Claim shall be given by the Contractor before disturbing conditions which are the basis for the Claim, except in an emergency endangering life or property in which case the Contractor should proceed in accordance with Section 6.7, Emergencies. Failure to present such Notice of Claim constitutes a waiver of such Claim. The adjustment to the Contract Amount or Contract Time, if any, shall be determined and issued in accordance with this Section 2, Contract Modifications.
- B. Notices are valid only if written and shall be a document issued for the sole purpose of notification and titled clearly "Notice of (specify category i.e., delay, claim)." A separate written notice is required for each subject and issue.
- C. Written notice shall be deemed to have been duly served if delivered in person to the individual to whom it is addressed, or if sent by certified mail to the address specified in the Contract Documents as may be revised in writing.

## 2.5 DELAYS BEYOND CONTRACTOR'S CONTROL

- A. If the Contractor is delayed at any time in the progress of the Work by acts or neglect of the Owner or by any separate contractor employed by Owner, or by labor disputes, fire, unusual delays in transportation, unusually adverse weather conditions, unavoidable casualties or by any other unforeseeable cause of delay beyond the Contractor's control, which the Owner decides justifies the delay, then the Contract Time may be extended for such reasonable time as the Owner in his discretion may decide. Contractor's Claim for extension of time shall be made in writing to the Owner in accordance with Section 2.4, Contractor Claims. Only one Claim is necessary in the case of continuing delay.
- B. Unusually adverse weather conditions for the purposes of this Project are agreed to be work days lost from weather or the effects of weather greater than the number of lost days specified in Section 7.5, Schedule.

## 2.6 HIDDEN CONDITIONS

Should concealed or unknown conditions be encountered in the performance of the Work below the surface of the ground or in an existing structure be at variance with the conditions indicated by the Contract Documents, or differ materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this Contract, the Contract Amount and Contract Time shall be equitable adjusted as provided herein upon Claim by Owner or

Contractor. Contractor Claims shall be in accordance with Section 2.4, Contractor Claims.

## 2.7 HAZARDOUS MATERIALS

Asbestos or other hazardous material may be present in County buildings or on County property. Asbestos is typically in the form of pipe lagging, fire proofing, floor tiles, mastic, and plaster. Soil may be contaminated by petroleum products or other substances. In the event any suspected asbestos or other hazardous material is encountered during construction that may be disturbed by the Work, the Contractor shall stop immediately and notify the County. The Contractor and all Subcontractors shall instruct their employees of the type and location of the most likely forms of hazardous material to be encountered and of the procedure to be taken if encountered. Contractor will be responsible for the mitigation and abatement of the hazardous material upon authorization of Owner. All Claims for adjustment in time or money shall be processed in accordance with Section 2.6, Hidden Conditions.

## 2.8 OVERHEAD AND PROFIT

- A Adjustments to the Contract Amount due to changes in the Work or any other reason, shall include overhead and profit as follows:
- 1 Contractor's overhead and profit on the direct cost of Work performed by his forces shall be a total sum not exceeding fifteen percent (15%) of such costs.
  - 2 Contractor's overhead and profit on the direct cost of Work performed by Subcontractors shall be a total sum not exceeding five percent (5%) of such Work.
  - 3 Subcontractor's overhead and profit on the direct cost of Work performed by Subcontractor shall be a total sum not exceeding fifteen percent (15%) of the cost of the Work. Subcontractor overhead and profit will be allowed for one tier only.
  - 4 Changes to the Work ordered by the Architect or Owner which decrease the Contract Amount shall include overhead and profit in accordance with the above provisions. Value engineering revisions initiated by the Contractor and accepted by Owner which decrease the Contract Amount shall be at cost only.
  - 5 The "direct cost of the work" is considered to be the cost of labor and material incorporated into the construction. Supervision and administration of the work, changes, or claims shall not be included in direct cost.

## 2.9 MAINTAIN RECORDS

Contractor and Subcontractor shall maintain records, in accordance with generally accepted accounting principles, relating to costs of changes to the Work or Claims for 4 years after the final completion. The Owner will have the right to audit these records at any time up to 4 years after completion of the Project and recover from the Contractor or Subcontractor any amount paid by Revision Order but not substantiated by audit.

## 2.10 PROPOSAL REQUESTS

Contractor is required to provide preliminary estimates using their best judgment of time and cost impact of potential changes to the Project as requested by the Architect. Estimates shall be provided to the Architect within seven (7) days of receiving the Proposal Request. Contractor will be responsible for any cost increase or schedule impact resulting from Contractor's failure to respond within the allowed time.

## 3 CONTRACTOR

- A The term Contractor, as used herein, is the person or organization identified as such in the Agreement, and is referred to as if singular and masculine and includes his authorized representatives.
- B The term Subcontractor, as used herein, includes only those persons or organizations having a direct Contract with the Contractor to perform a portion of Contractor's Work. The Superintendent shall represent the Contractor and all directions given to him shall be as binding as if given to the Contractor.
- D It is the Contractor's responsibility to diligently prosecute the Work, using his best

- E The Contractor shall attend a preconstruction meeting, weekly progress meetings and other meetings as necessary to accomplish the Work and administer the provisions of the Contract.

Such record shall be delivered to Owner daily for previous day's activity and shall include Project name, date, weather, names of Subcontractors, count of personnel by company, material deliveries, description and location of activity and events. The record of daily activity shall not be used as a Notice to Owner.

### 3.3 SUBCONTRACTS

- A The Contractor shall not be permitted to substitute any person or organization for any Subcontractor, person or organization listed by him in his bid without the prior, written consent of the Owner, as provided for in Chapter 2 of Division 5, Title 1 of the California Public Contracts Code.
- B In addition to the information required in Form of Proposal regarding Subcontractors, the Contractor, after execution of the Contract but prior to execution of the subcontract, shall submit the following information on each Subcontractor: name, address, and nature of Subcontractor's work, Subcontract Amount, and all other information the Owner deems relevant. The Contractor shall not Contract with any such proposed person or entity to whom the Owner objects.
- C Contractor shall bind every Subcontractor and every Subcontractor agrees to be bound by the terms of the Contract Documents insofar as applicable to their work. The Contractor shall be responsible for the acts and omissions of Subcontractors.
- D Contractor agrees to pay to each Subcontractor promptly upon receiving payment from Owner.
- E Neither the acceptance of the Subcontractor nor any other act of the Owner, nor anything contained in any contract document is to be construed as creating any contractual relation between the Owner and any Subcontractor.

### 3.4 PERSONNEL AND LABOR POLICY

Where equipment, material, or process is specified by trade name or by patentee, manufacturer or dealer, it shall mean the specified item or any other product which is equal in every respect including quality, utility, serviceability, and aesthetic

effect. The Architect shall be the sole judge of equality between products, materials or methods.

#### 6.10 CORRECTING WORK

- A The Contractor shall promptly correct all Work rejected by the Owner or Architect, whether observed before or after the Notice of Completion and whether or not fabricated, installed or completed. In such case an adjustment to the Contract shall be made in accordance with section 2, Contract Modifications, deducting from the payment then or thereafter due the Contractor, the cost of correcting such deficiencies, including the cost of additional services made necessary by such default, neglect or failure.
- D If the Owner deems it not expedient to correct Work damaged or not done in accordance with the Contract Documents, a deduction from the Contract price shall be made.
- E If the Contractor fails to correct defective Work or fails to supply materials or equipment in accordance with the Contract Documents, the Owner may order the Contractor to stop the Work or any portion thereof until the cause of such order has been eliminated. The costs of tests on materials at the Project site will be borne by the Owner, except for retesting, as specified below, the material required for testing, and the Contractor's labor required to facilitate the test or delayed by the test, which the Contractor shall furnish. The Contractor will cooperate with the Owner's testing representative in the taking of test Samples. The Contractor shall pay for all tests which are not at the job site.
- B Required tests are specified elsewhere in the Specifications.
- C Should the results of any required tests fail to meet the requirements of the Contract Documents, Contractor shall either correct the unacceptable condition or furnish new materials, as directed by the Owner. Additional tests shall be made at the Contractor's expense until the materials are found to meet the requirements of the Contract Documents.

## 7 TIME

### 7.1 DEFINITION OF OFFICIAL DATES

- A The Contract Time is the period of time indicated in the Contract Documents for achieving Substantial Completion of the Work. Time is of the essence of the Contract. The term day as used in reference to this Contract shall mean calendar day unless specifically designated otherwise.
- B The Notice to Proceed shall establish the official date the Work may commence and the start of the Contract Time.
- C The date of Substantial Completion of the Work is the date established by the Architect as herein provided. A date of beneficial occupancy or acceptance may be determined but they will not have official status in the Contract.
- D The date of Final Completion is the date established by the Architect after Substantial Completion when the Work is complete in every detail. Retention may be withheld until after Final Completion.

- B When the Contractor considers that the Work, or designated portion thereof acceptable to the Owner, is substantially complete, the Contractor shall provide a written notice to the Architect and Owner in which the Contractor certifies that the Work or portion is Substantially Complete, lists all deficiencies, and requests inspection and acceptance. The failure to include any items on such list does not alter the responsibility of the Contractor to complete the Work in accordance with the Contract Documents.
- C Upon receiving notice in accordance with paragraph 7.2B the Architect and/or Owner will review the Work or designated portion thereof. If the Architect determines the Work or portion is substantially complete, the Architect will establish a date of Substantial Completion. Contractor is required to initiate reinspections by providing notice in accordance with Section 7.2B and reimburse the Owner for the cost of the reinspection.
- D The guarantee period shall begin on the date of Substantial Completion. A separate date of Substantial Completion shall be established for designated portions of Work as agreed to by owner.

### 7.3 LIQUIDATED DAMAGES

- A Should the Work not be Substantially Complete, as defined herein, within the Contract Time as may be revised, damages will be sustained by the Owner. It is understood and agreed that it is or may be impracticable or extremely difficult to determine the actual amount of damages the Owner will sustain in the event of and by reason of such delay in completing the Work; and it is therefore agreed that the Contractor will pay the Owner the amount specified in the Special Provisions, as and for the Owner's liquidated damages. This amount covers Owner's damages only and is not in lieu of the indemnification obligations set forth separately at section 9 nor shall these liquidated damages cover damages, including delay damages, claimed by third parties. Third parties shall include other contractors working on the Project. In the event the Contractor fails to make such payment, the Owner may deduct the amount thereof from any money due or that may become due the Contractor under the Contract and should the balance due under the Contract not be sufficient to cover the amount owed, the Owner shall have the right to recover the balance from the Contractor, from other contracts between Contractor and Owner, or from the Contractor's sureties.
- B The Owner may allocate liquidated damages to portions of the Work. In the event the Contractor fails to complete Work remaining after Substantial Completion within the time periods established or fails to adhere to the conditions as agreed

for achieving Final Completion, liquidated damages, and third party claims shall be charged to Contractor.

- B Prior to the Owner occupying a portion of the Work, a list of Work to be completed or corrected shall be prepared jointly by the Contractor and Architect.
- C Occupancy by the Owner shall not be construed by the Contractor as being an acceptance by Owner of that part of the Work to be occupied.
- D The Contractor shall not be held responsible for any damage to the occupied part of the Work resulting from the Owner's occupancy.
- E Occupancy by the Owner shall not be deemed to constitute a waiver of any claims which Owner or Contractor may have.
- F Use and occupancy of a portion of the Work by the Owner prior to Substantial Completion does not relieve the Contractor of his responsibility to maintain all insurance and bonds required under the Contract until the Work is completed and accepted by Owner.

#### 7.5 SCHEDULE

- A Contractor shall, within two weeks of being awarded the Contract, submit to the Owner and Architect a schedule for the Work. The schedule shall be a series of tasks representing the Contractor's plan for performing the Work including all activities both on site and offsite, submittal due dates, submittal review periods, material purchasing, lead or fabrication times, a period for punchlist and corrections, final inspection and approvals, and other events or activities having an effect on the progress or completion of the Work. For each task, the schedule shall show the duration, the starting and finish dates, predecessors, successors, and the average manpower and equipment planned. The schedule shall be submitted in bar chart and pert chart format and with a separate task list showing all data in spreadsheet format. No single task on the schedule may exceed two weeks in duration.

The payment breakdown shall be in such form as may be agreed upon by the parties and supported by such evidence as to its correctness that may be required by the Architect. The payment breakdown does not establish the value of Work for contract modifications.

### 8.3 PROGRESS PAYMENTS

- A The Owner shall make progress payments to the Contractor for labor and materials incorporated into the Work as called for by the Contract Documents and approved Revision Orders. Not more often than once each month and on a day of each month agreed upon between the Owner and the Contractor, the Contractor shall submit to the Owner through the Architect an application for payment consisting of a Certificate of Payment, a calculation of completed Work based on the approved payment breakdown and, if required by Owner, receipts, releases, or other evidence showing the Contractor's payments for materials, labor, Subcontractors, and any such information as the Owner may require. All materials stored off-site shall be stored in a bonded warehouse at no additional expense to the Owner.

Contractor's acceptance of the final payment shall constitute a waiver of all claims by Contractor except those previously made in writing.
- B The Owner is entitled to retain 5 percent of the amount of each payment due Contractor until at least 35 days after the date of recording the Notice of Completion. At that time if any Work is still not complete, the Owner may continue to withhold all retention or, at the Owners option, the Owner may pay any portion of the retention.

The Bidder's attention is directed to all the provisions set forth herein. The Board of Supervisors has by Ordinance No. 2174 added Title 2, Chapter 2.50 to Division II of the San Mateo County Ordinance Code prohibiting discrimination in employment and providing for an Equal Employment Opportunity Program by Contractors doing business with the County of San Mateo. The following provisions are a part of the contract documents.

2 LOWEST RESPONSIBLE BIDDER

Award of contract to the low bidder shall not be made until the requirements set forth in these Supplementary General Conditions have been complied with and reviewed by the County Compliance Officer and a satisfactory Equal Employment Opportunity Program as submitted by the low bidder has been accepted.

A Criteria for Determining Lowest Bidder. Criteria to determine the acceptability of bids on construction contracts requiring public bidding and involving an expenditure of \$6,500 or more shall include but not be limited to the following:

- 1 Criteria of Compliance with Federal and State Laws. Each bidder shall submit with his bid a certification that he is in compliance with the Equal Employment Opportunity Requirement of Executive Order 11246, Title VII of the Civil Rights Act of 1973, the California Fair Employment Practices Act and any other Federal or State Laws and regulations relating to Equal Employment Opportunities and the provisions of this article and the Board established guidelines implementing them. See report form entitled "Certification of Compliance with Laws Prohibiting Discrimination" bound herein after Form of Proposal.
- 2 Certification of Intent to Develop and Implement an Equal Employment Opportunity Program. Each bidder shall submit with his bid a certification that he will develop, implement and maintain, during the course of work concerned, an affirmative action program in employment conducted without regard to race, religion, color, national origin, ancestry, physical or mental disability, or sex of the

applicants. With this certification he shall submit any and all information which may be required by the County in connection with this program. As used in this Article, the term "minority" or "minority group" pertains to Latinos, Asians and Pacific Islanders, African Americans, American Indians, and women (regardless of her race or ethnicity). See report form entitled "Certification of Intent" bound herein after Form of Proposal.

- 3 Compliance by Subcontractors. The provision of this Section apply to any subcontractor engaged by the successful bidder, and each successful bidder shall notify his subcontractors of their obligations under the provisions of this Section.

### 3 PENALTIES FOR NON-COMPLIANCE WITH THE PROVISIONS OF THIS SECTION

- A Any bidder who fails to submit a proposed Equal Employment Opportunity Program or who is unable to make the certifications required in this Section of the Supplementary General Conditions may be disqualified from consideration for the award of the contract.
- B If, after an award is made, the Contractor is found by the County or by a Federal or State agency empowered to make such findings to be in substantial or material violation of the Fair Employment Practices Act of the State of California, the Equal Employment Opportunity Requirement of Executive Order 11246, Title VII of the Civil Rights Act of 1964, Section 503 of the Rehabilitation Act of 1973, or of the provisions of this Section, he may be found to be in material breach of his contract, and the County shall have the power to cancel the contract in whole or in part, or alternatively, to deduct for each working day during which the Contractor is found to have been in such non-compliance, two (2) percent of the total amount payable to the Contractor.

### 4 WAIVER OF COMPLIANCE

In the event that the requirements of this ordinance are found to work an undue hardship upon a low bidder, said bidder shall submit evidence of such hardship to the Board of Supervisors and shall petition the Board for a waiver of these requirements. This waiver shall only be granted by the Board of Supervisors and shall become an integral part of the contract.

### 5 DEFINITIONS

- A Equal Employment Opportunity Program. Equal Employment Opportunity Program is a set of specific and result oriented procedures to which a

Contractor commits himself in order to achieve equal employment opportunity.

- B Compliance Officer. A Compliance Officer is the County official designated by the County Manager to represent him in the administration of these guidelines and in the enforcement of the provisions of Title 2, Chapter 2.50 of the County Ordinance Code.

## 6 CERTIFICATION OF COMPLIANCE AND INTENT

Every bidder shall submit with his bid a Certificate of Compliance with laws prohibiting discrimination and a Certification of Intent to implement an equal employment opportunity program on a form furnished by the County, as required by Title 2, Chapter 2.50 of the County Ordinance Code.

## 7 EQUAL EMPLOYMENT OPPORTUNITY PROGRAM

In addition to furnishing the Certification of Compliance, each Contractor will submit his Equal Employment Opportunity Program with his bid.

The EEO shall contain the following information:

- A Analysis of current work force:
- 1 Total number of employees
  - 2 Numerical racial breakdown of employees by job classification
  - 3 Information on apprentices

These figures will provide the base by which the Contractor's EEO will be evaluated. Factors to be considered both in the original statistics and in any plans for future employment will include the percentage of minority population in San Mateo County, the availability of minority construction workers and the present minority representation in the various construction trades.

- B The equal employment opportunity actions the Contractor has taken or will take to insure equal employment opportunity. These shall include:
- 1 Recruiting and hiring minority persons. If non-union personnel are employed this would involve employment advertising through sources which serve areas of minority population. These include local minority newspapers, referral agencies, high schools, vocational schools, and community groups. Specific information on these sources may be obtained from the Compliance Officer. Union employees will be recruited in accordance with applicable

labor agreements. The Contractor will seek to have included or will reaffirm clauses in all labor agreements prohibiting discrimination based on race, religion, color, national origin, age, ancestry, physical or mental handicap, or sex. Assistance for admission into the craft of minorities over the traditional apprenticeship age is also suggested. The Contractor will support Bay Area Construction Opportunity Program or similar groups as recruiting sources and will urge all labor organizations with which he has agreements to use BACOP.

- 2 Providing adequate opportunity for the upgrading or further training of all employees to insure equal opportunity in advancement and promotion. This might include a counseling service, information and assistance with night classes, or special career-directed program information.
- 3 Appointing an Equal Employment Opportunity Coordinator - full time or as an additional duty. He will have the responsibility of administering an active program, informing company personnel and union representatives of this company policy and advising all subcontractors of their obligation to this program.
- 4 Establishing or maintaining an apprenticeship or training program designed to insure hiring of additional minority employees in the journeyman or skilled classes, if possible. The Contractor is urged to support the Joint Apprenticeship Committee on this trade.
- 5 Selecting minority subcontractor or subcontractors who are known for their ongoing program of apprenticeship for minorities. This includes advising minority contractor associations of bids for subcontractors. Joint ventures with minority subcontractors are encouraged.

- C. The EEO should state any previous experience the Contractor has had with similar plans and result of that effort. Any current equal employment opportunity plans should be described in detail and a copy attached, if printed plan is available. The Compliance Office will review the EEO submitted by each bidder in order to determine whether the program submitted complies with Title 2, Chapter 2.50 of the County Ordinance Code and these guidelines.

The EEO as submitted will be kept on file by the Compliance Officer. If the Contractor bids for other county contracts, he may refer to the EEO on file and state any changes, but will not be required to refile his program.

The Compliance Officer may request additional information from the bidder and will be available to answer questions relative to the guidelines and to advise those seeking assistance of resources known to him. He will not be responsible for the service or lack of service rendered by the resources recommended, nor will he develop an EEO for any bidder, or serve as a recruiter for any bidder.

Bidders may revise their EEO after consultation prior to award of contract. Deficiencies will be discussed and appropriate remedies suggested. If bidders withdraw their EEO for revision, their revised program must be submitted by a date established by the Compliance Officer.

The Compliance Officer will determine whether the low bidder's EEO is acceptable and will report to the appropriate county department. The EEO's of each subcontractor of the low bidder will also be evaluated by the Compliance Officer.

## 8 INCLUSION OF EEO AND CERTIFICATIONS

Upon award of the contract by the Board of Supervisors, the EEO and Certifications for the prime contractor and all subcontractors, which have been approved and accepted by the County, will become an integral part of the contract and subject to the provisions thereof.

## 9 PERFORMANCE OF CONTRACTOR

- A The Contractor will post, in conspicuous places available to employees and applicants for employment, notices to be provided by the County, stating that the Contractor is obliged to comply with the provisions of these guidelines and Title 2, Chapter 2.50 of the County Ordinance Code. These notices will also be sent to all union and employee organizations and other recruiting sources providing employees to the Contractor.
- B All announcements of job openings will include the statement: "An Equal Opportunity Employer".
- C The Contractor will make written Progress Reports on a form provided by the County to illustrate the effectiveness of his EEO at intervals established by the County.
- D The Compliance Officer will monitor the performance of the EEO until completion of the contract and will report the progress of the Contractor in living up to his EEO to the County Manager.
- E The Contractor shall permit, during Contractor's normal business hours and at Contractor's place of business, access by the County to his records of employment, employment advertisements, application forms and other

data and records pertaining to Contractor's employment practices, for the purpose of determining whether Contractor is complying with the Non-Discrimination and Equal Employment Opportunity rules of the County.

10 PERFORMANCE OF SUBCONTRACTORS

- A All subcontractors listed in a general Contractor's bid are subject to all the provisions of these guidelines and Title 2, Chapter 2.50 of the County Ordinance Code.
- B All subcontractors will file their Certifications of Compliance and Intent and their EEO with the Equal Employment Coordinator of the prime Contractor for transmittal to the County, after award of the contract has been made.
