Hi Kristen,

Thanks for the update. Perfect, thank you and Jessie so much for taking care of it so promptly

Subject: Highland Estates - Public Inquiry

CAUTION: This email originated from outside of San Mateo County. Unless you recognize the sender's email address and know the content is safe, do not click links, open attachments or reply.

Hi Camille,

I just received a call from Matt Moskewicz, a resident near the Highland Estates Project. He said he smelled the diesel yesterday afternoon but did not know where it was coming from. Today, he observed the red fluid (diesel) on the pavement and was able to trace it back to one of the work trucks. Mr. Moskewicz placed a 3 gallon bucket under the truck to capture the leaking diesel for the time being. Jessie called Bob and Neil, and Bob is sending someone out right now to address the issue. I will document this correspondence in the public inquiry tracking table, and will include the inquiry and resolution in the monthly progress report.

Feel free to give me a call if you have any questions or would like to discuss further.

Hope all is well,

Kristen
