Hi Camille,

I conducted my weekly site visit at Highland Estates today! Overall the site is looking good! Bob told me that they intend to begin the stucco application on Lot 11 on Monday of next week. So, I will plan to conduct my inspection on Monday to ensure that there are no impacts to the riparian corridor along the south side of the project.

Attached is my inspection report from today.

Please let me know if you have any questions!

Thanks so much!
