Dear County Supervisors,

I echo the concerns of my neighbors regarding San Mateo County's notification letter dated May 3 with subject "Consideration of a proposed Minor Modification to an approved Resource Management (RM) Permit (PLN2006-00357) for the development of Lots 5, 6, 7, and 8 (BLD2016-00161 through BLD2016-00164), in the San Mateo Highlands Area"

A 289 page document cannot describe a minor modification. Nor can it be digested in the limited time given.

For all the same reasons our community has been concerned about this project for 30 yrs or more, I request that the County give the Highlands and neighboring communities an additional 45 days beyond May 17 to review and respond to the lengthy 289-page project addendum document "Highland Estates Subdivision Project Addendum to the Highland Estates Final Environmental Impact Report SCH No. 2007052068"
