Hi Camille,

I conducted my weekly site inspection at Highland Estates today. I also filled out the monthly inspection report form for this month's inspection. Overall the site looks wet, but has held well. There is some erosion concerns on Lot 11 which Bob told me he was working on addressing.

Thanks!

Hi Bob,

It was nice to see you onsite this morning. The BMP repairs that you made on Lots 9/10 look great!

As we discussed, please repair the silt fence and install check dams/straw wattles along the north and south sides of the house on Lot 11 where the hill slopes down to the backyard. There is significant erosion on those sides, and the existing silt fence has been damaged by the rain/sediment.

Please let me know if you have any questions!

Thanks so much,

Jessie Henderson-McBean | she, her, hers
